

WELLNESS COMMITTEE

2020-21 Review

Committee Members:

School Staff - Joel Gilmer, Denise Ryan, Kallie Kramer, Alisa Louwagie

Middle School Students –

Community Parent –

Schools were closed by Government order on March 16, 2020
School Reopened September 8, 2020

No Wellness Meetings were held during the school year due to the distancing requirements, masking for schools ect.

Over the summer months our staff had small (less than 6 members) meeting to discuss and implement how the school will function for the fall 2020-2021.

We had 6 foot distance in classrooms, one direction in walking in the hallways, outdoors as much as possible to help students with the masks.

No parents or visitors in the building. Parent pick up was outside only.

Made partitions of plastic to help teachers and students.

Our school was in session the entire year, we had some classes in quarantine and had to distance learn for the 15 days.

We are very proud that we had NO student to student Covid cases.

This was a great effort for staff, students and parents.

Job Well Done!
